

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### **Usage guidelines**

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

ELLIOT CHURCH, NEWTON, MASS.

## ELIOT CHURCH, NEWTON, MASSACHUSETTS.

*George F. Meacham, Architect, Newton, Mass.*

THE new Eliot church edifice stands in the place formerly occupied by the wooden structure which was burned in January, 1887. The general design of the building has features of the Romanesque style of architecture, while the carved enrichments, both on the exterior and in the interior, are in the Byzantine style. It is built of slightly pink-tinted granite from the Braggville quarries, near Milford, Mass., with rich Kibbee brown sandstone trimmings from Longmeadow, Mass. The principal tower is between the church and the chapel. It is 127 feet high, with clock dials, which are illuminated at night, and an open belfry. The bell weighs 3,524 pounds, most of which is metal from the old bell, and has the old inscription: "Blessed is the people that know the joyful sound." Near the corner of the street is the *porte-cochère*. The small round tower is 85 feet high, with round pilasters crowned with winged angel heads.

As may be seen by the plan, the auditorium is cruciform. The greatest dimensions are 116 feet by 91 feet; the width of nave and of transepts is 64 feet each. The floor is inclined toward the pulpit 42 inches, and the pews, seating eleven hundred persons, are in the form of an amphitheatre. There are seats for a large chorus in front of the organ. The roof is exposed, and is constructed with hammer beam trusses, and there are no columns that obstruct the view of the platform. The only columns are those supporting the double diagonal trusses at the intersection of nave and transepts. These are in pairs, and are of rich Etowah marble. The auditorium is finished in cherry, and has a beautiful depth and richness of form and coloring. There are ten memorial windows—in memory of George W. Bacon; Andrew P. Cobb (a John Eliot design); Joseph P. Cobb; of the father, husband, and son of Mrs. Eleanor H. Coburn; of the wife of Edmund W. Converse; of David Brainerd Jewett; George H. Jones; John C. Potter; William Otis Trowbridge; and Ebenezer Woodward.

The chapel is 46 feet by 63 feet. The height of this room is 40 feet, which gives height enough for galleries to open into it over the rooms at each end. These galleries are divided into seven class-rooms, and are shut off, when desired, by heavy portières. In the chapel decorations a variety of colors is used with subdued contrast, more cheerful than the similar tones of the auditorium. The Sunday-school library is under the church organ, and opens into the chapel.

Rev. Wolcott Calkins, D. D., is the pastor of the church. Mr. Charles E. Billings was the chairman of the building committee.

The total cost of the structure, including the organ, furnishings, and the memorial windows, is about \$180,000.

## INTRODUCTORY.

---

THIS YEAR-BOOK is late in issue. The returns of the States, received in May last year, were in better season this; Massachusetts, Michigan, and Ohio reporting in March; Connecticut and Kansas in April; but New York, which reported in April, 1888, was not heard from this year until July 14-22. This unforeseen and surprising delay has postponed the YEAR-BOOK's possible issue from June to near September.

Do not wait, say some. But the YEAR-BOOK is so related part to part, that the omission of one part would seriously impair the value of all that remained. To print without the returns from any State would make the summaries imperfect and misleading, and the list of ministers most unsatisfactory to many who make practical use of it. Such a number would be an inconvenience and a grief, and would lower the value of the series in all the future. The gain of a few weeks in issue would be dearly bought at such a sacrifice.

And there will be no need. There has been a gain this year all around, with a single exception. The churches in New York may be trusted to find a remedy for that. They will not be pleased or content with their distinction this year; they can do as well hereafter as they did in 1888, and better. When they and all others will furnish their returns in March, as most now do, the YEAR-BOOK can be issued in May, or early in June. Why not? If there is the will, the way can be found.

The churches of the United Conference of Georgia, fifty in number, form an important addition to the tables this year. In regard to their insertion, it should be remembered that questions of fellowship belong finally and only to the churches, and are to be determined by their representatives in local and State bodies or the National Council. But in the case of churches newly organized or reported, the YEAR-BOOK has been accustomed often to insert them in brackets, as a matter of information, leaving their future status to be determined in an orderly way. In the case of these Conference churches in Georgia, there were many reasons for the same course, and none which seemed sufficient against it. Whatever the result of current discussions, the question must have an important place in our history, and the facts will be wanted by all. Such a body of churches and ministers have a *prima-facie* case in their favor, when they propose to enter into fellowship with the Congregational churches. This is more than confirmed by the action of the American Home Missionary Society at Saratoga; but this only is involved in their insertion in the YEAR-BOOK. It is not too much to say that a hearty welcome awaits them, if, with due regard to the rights of all, they can take their place in our ranks.

Every minister whose name is on the rolls of the denomination and enjoys the benefit of the Council's great liberality in the free distribution of the YEAR-BOOK, owes in return, at least, the small care involved in seeing to it himself that the YEAR-BOOK knows just where he is, and is promptly notified of any change in his place or status. Many copies of the YEAR-BOOK are lost every year, and many

complaints come from brethren who have failed to receive it, when they alone are responsible from their neglect of this simple duty. Who is the scribe of your association or conference; custodian of the record of your ministerial standing, and responsible for its correct report to the State secretary and YEAR-BOOK? He should always be able to answer for you. If you neglect to keep him informed, you are likely to suffer from his ignorance. And, after his annual report has been made, at the beginning of the year, any change in your status or post-office should be sent at once, not only to him, but to the editor of the YEAR-BOOK. The proper correction will then be made if there is time for it; and the YEAR-BOOK will not be wasted in a vain hunt for you at your former home, or costly pursuit of you from one place to another.

The statistical secretaries of the States and Territories will remember that they are to meet in Worcester on the day before the assembling of the Council, Oct. 8. Their meeting in Chicago was helpful in suggestion and influence, and in cultivating a useful *esprit du corps*. We should do better this year.

On the authority of the secretary, Rev. S. L. Gerould, I name eleven o'clock, Tuesday A. M., at the rooms of the Y. M. C. A., as the time and place for meeting. The committee of arrangements authorize me to say that the entertainment of these secretaries shall begin that day.

A word is due to the memory of the faithful man who for more than eight years has paid, as treasurer, all the bills of the YEAR-BOOK and the Council. Lavalette Perrin, D. D., ceased from his labors in a sad catastrophe which befell the hotel in which, with his wife, he was stopping, in Hartford, Ct., Feb. 18. He had served the Council with diligence, zeal, and fidelity; and his record as a pastor, a Fellow of Yale College, and a servant of the churches of Connecticut is a most honorable one. He was a good man and a true one. The Rev. Samuel B. Forbes has been duly appointed by the provisional committee as his successor, and his statement follows.

HENRY A. HAZEN,

*Secretary and Editor,*

CONGREGATIONAL LIBRARY, BOSTON, MASS.

AUGUST 20, 1889.

## TREASURER'S STATEMENT.

## KNOWLES FUND.

No change has been made in the investment of this fund since the report in July, 1888.

## SECURITY FUND.

This fund is deposited in savings banks in Connecticut. With added interest it amounted, July 1, 1889, to \$3,480.32.

## STATEMENT OF ACCOUNT WITH LOCAL BODIES.

The first column shows unpaid dues of 1888 and previous years, amounting to \$2,936.59. The second shows the sums due July 1, 1889, amounting to \$3,708.56. Total amount now overdue, \$6,645.15. Twenty-four States and Territories have paid all dues of 1888 and previous years. Six have paid also the dues of 1889. The local bodies have not all adopted the same basis for the collection of funds for the Council. Some pay on the basis of their entire membership. Others exclude from their paying roll their unassociated churches, and all absentees. This want of accord among the local bodies makes an unsatisfactory showing on the books of the Treasurer, annoys the States whose arrearages are thereby increased yearly, and causes an unequal distribution of the expenses of the Council.

It is encouraging, however, to report that the financial disagreement between the Council and the local bodies is steadily diminishing, and recent correspondence leads us to hope for its entire removal at an early day.

The Council at Chicago, in 1886, instructed the Treasurer as follows:—

*Resolved*, (1) That the churches be asked to contribute annually the sum of one and one half cents per member, to meet the current expenses during the next three years.—Minutes of 1886, page 46.

NOTE. — The limitations of the tables do not in all cases admit exactness. In the table of theological education, students who did not graduate are counted, and without distinction from graduates; but a name occurring in more than one seminary list is not repeated; and in the college lists, a few students who were not alumni are counted with the graduates.

The editor renews his earnest request to friends and to the secretaries of the State bodies for prompt information of the death of Congregational ministers, and for full and exact information on the model of the sketches above given. Obituary and eulogy beyond, it is impossible to use here.

## CONGREGATIONAL CLUBS.

---

THE number of Congregational Clubs which have been organized within the last twenty years indicates that they have come to fill an important place, and render a real service, in cultivating the fellowship and promoting the efficiency of our churches. A record of them finds fit place in the YEAR-BOOK, and will be suggestive. It will assist their correspondence with one another, and help those who contemplate similar organization to know the methods which others have followed. The organization of four clubs, thus far in 1889, indicates that the seed is bearing fruit, and may be expected to bring forth more fruit.

The place named in the table is the post-office of the Secretary, unless that is otherwise specified.

All secretaries of new clubs are invited to report them to the editor of the YEAR-BOOK, *Rev. Henry A. Hazen, Auburndale, Mass.*, giving the items here recorded, and all are requested to report to him in January or February, giving changes in the officers named, or in the record, as it here stands.

---

In full harmony, but looking in another direction, we may do well to read again these words of one of our wisest and most spiritual teachers:—

“The great thing which we need, then, the one thing which we need, the only thing which we need, is, not new methods, new measures, new themes, new sources of interest, power, and popularity, but a new baptism of the Holy Ghost. Let a church and ministry show itself to be a church and ministry of the Holy Ghost, and it will not be long anywhere without power and attraction. Men will hear what is there; they will feel mysteriously and afar what is there; and they will come to see what these things mean. When the Spirit was poured out on the day of Pentecost, we are told significantly that ‘the multitude came together.’ It has always been so. It always will be so. The community cannot be found so sunk in indifference, in worldliness, or in sin, that the outpouring of the Spirit of God will not bring the multitude to the doors. Let the windows of heaven be opened over any place, and the gates of the world will begin to swarm in the direction of that light. The Spirit of God needs no new methods, measures, or themes. It makes the old methods, measures, and themes to be new. It makes everything new where it comes. Its very office is to *re-new* and regenerate everything upon which it falls.”—LEONARD SWAIN, D. D., *Congregational Quarterly*, January, 1864.

 SIMON J. HUMPHREY, D. D., REV. A. N. HITCHCOCK, PH. D., 151 Washington Street, Chicago, Ill.

The American Board, the oldest Foreign Missionary Society in the United States, was formed at Bradford, Mass., June 29, 1810, and held its first meeting at Farmington, Conn., Sept. 5 of the same year. Its mission fields now occupied are Northern and Western Mexico; the Hawaiian and Micronesian Islands of the Pacific; Northern and Southern Japan; Northern China; Shansi in Northwestern China; Foochow and Hong Kong in Southern China; Ceylon; Madura in Southern India; the Marathi field in Western India, including the important centres of Bombay and Ahmednagar; East Central Africa; the Zulus of Southern Africa; West Central Africa; Eastern Turkey, from Mosul to Erzurum, including Mardin, Bitlis, Van, and the educational centre, Harpoot; Central Turkey, including the important cities of Aintab, Adana, and Marash; Western Turkey, from Trebizond to Constantinople, including Marsovan, Sivas, Cesarea, Smyrna, Broosa, Nicomedia, and Adabazar; European Turkey, from Constantinople to Samokov in Bulgaria, including Monastir in Macedonia and Philippopolis in East Roumelia; Austria, emphasizing the Bohemian work in Prague; and Northern and Northwestern Spain, this work centring in San Sebastian, on the Bay of Biscay.

This wide-extended work embraces direct evangelistic effort through missionaries and native helpers; an immense educational trust, extending from the primary school to the college and theological seminary; Sunday-school instruction; the preparation, publication, and circulation, in different languages, of books, tracts, and newspapers; assistance in the erection of buildings for churches and schools; grants in aid to feeble churches and to native home-missionary societies; the humane service of missionary physicians, sometimes in the care of large dispensaries and hospitals; also charitable ministry, continuous and varied, to the sick, the poor, and the oppressed.

Pastors, in presenting the foreign work to their churches, are desired to emphasize this fact, — that these several departments of labor on the foreign field are carried on under one administration, and that contributions, therefore, should be proportionately enlarged. If one half of the benevolent contributions of the churches should be given to this broad work of reaching the unevangelized millions of other lands, it would probably not be too large a proportion.

The Woman's Boards, which co-operate with the American Board, are doing a royal service, not only securing — mainly from the women of the churches — large contributions, — the annual average of which, during recent years, has been over \$130,000, — but also educating and training children and young people to an intelligent interest in missionary work. These Boards can be addressed at No. 1 Congregational House, Boston, at 59 Dearborn Street, Chicago, and at 901 Sutter Street, San Francisco.

The latest statistics of the American Board report 22 missions, 1,050 stations and out-stations, 472 missionaries and assistant missionaries, 2,135 native laborers, 336 churches, with about 31,000 members, — nearly 4,400 of these received on confession of faith during the past year, — 126 high schools and seminaries for young men and young women with over 7,000 students, and a total of nearly 43,000 children and youth under Christian instruction. The appropriations for 1889 already amount to about \$625,000, and it is desirable that the receipts for this year should reach, if possible, \$780,000, — a thank-offering of \$10,000 for each of the 78 years of our history. An average advance in donations of about fifty per cent will secure this honorable record. Attention is called to the *Missionary Herald*, the *Mission Dayspring*, and *Life and Light*; also to the *American Board Almanac* and to the CHILDREN'S MORNING STAR MISSION, a special for Sunday schools. Our main instrumental reliance is upon the pastors of churches, themselves full of missionary information and zeal.

## AMERICAN COLLEGE AND EDUCATION SOCIETY

FORMED by the union, in 1874, of the "American Education Society," and the "Society for the Promotion of Collegiate and Theological Education." The American Education Society was organized and received its charter from Massachusetts in the year 1816. The College Society, as the other organization was popularly called, was formed in 1843. It was for years a voluntary association without a charter. In 1872 it received a charter also from the State of Massachusetts. These two organizations were brought together under a new charter from the same State in May, 1874.

OFFICERS, 1889-90. (Office, No. 10 Congregational House, Boston, Mass.)

*President.* — HON. NATHANIEL SHIPMAN, of Hartford, Ct.

*Vice-President.* — SAMUEL HOLMES, New York City.

*Secretary.* — Rev. JOHN A. HAMILTON, Boston.

*West Secretary.* — Rev. THEO. Y. GARDNER.

*Treasurer.* — JAMES M. GORDON, Boston.

*Assistant Treasurer.* — Rev. A. H. CLAPP, D. D., Bible House, New York.

Income for the year ending April 30, 1888, \$112,675.97. Balance April 30, 1888, \$2,010.91. Of the whole income \$73,920.11 was contributed for colleges and paid to them. The sum of \$21,803 was paid to students fitting for the ministry. The expenses were \$6,154.24, leaving a balance of credit, \$14,812.66.

In both departments the Society has had a large agency in the shaping and advancement of civilization throughout the great West. The men who were pioneers in the work of preaching the gospel in the new settlements, and in the founding of churches and schools, were largely educated by this Society. The colleges, which are now among the foremost in these Western fields, were largely built up by the same agency.

The whole number of young men assisted by the Society in their studies for the ministry since 1816 is 7,456. The institutions at the West which have been assisted by the society since 1843 are the following, viz.: Western Reserve, Illinois, Wabash, and Marietta Colleges, and Lane Theological Seminary. These five are the institutions which the Society took under its care at the beginning, in 1843. Those which have since been received on the list are Knox, Beloit, Thayer, Wittenburg, Oberlin, and Berea Colleges, the College of California, Pacific University, Olivet, Ripon, Iowa, Carleton, Doane, Drury, Washburn, and Colorado Colleges, Pacific Theological Seminary, and Yankton College.

Those at present on the Society's list are Colorado, Doane, Pacific University, Rollins, Whitman, and Yankton.

The number of young men receiving assistance from the Society during the last financial year is 280.

At the time when the Education Society began its work of helping young men into the Christian ministry, in the year 1816, the condition of things in this country was very peculiar. The great movement of emigration toward the West was setting in with strength. The American Board had been organized a few years before, and the cause of foreign missions was taking strong hold upon the churches. But "the laborers were few." Ever since the close of the Revolutionary war, the churches had been in a confused and preoccupied state, and the number of men coming forward for the work of the ministry was alarmingly small. It was in such a state of things that this Society began its enterprise. Through the aid thus afforded, and through the impulses thus imparted, a host of living preachers was raised up to go with the moving colonies out into the fields of the West, or to go far hence to the Gentiles, to proclaim the Gospel of salvation through Jesus Christ. A work of inestimable importance for the Christianizing and civilizing of our own land was accomplished by this instrumentality. The ministers raised up by this Society became to a large extent the pioneers in the way of founding churches, schools, colleges, throughout all those Western fields, while in foreign lands half the missionaries laboring under the care of the American Board had been brought forward in the same way.

## FORM OF BEQUEST.

I do hereby give and bequeath to the "AMERICAN COLLEGE AND EDUCATION SOCIETY" the sum of — dollars, to be paid within — months after my decease, and to be applied to the uses and purposes of that Society.

☞ Thirty dollars constitutes an honorary membership.

## THE AMERICAN CONGREGATIONAL ASSOCIATION.

Organized, 1853. Chartered, 1854.

Headquarters, Library, Congregational House, Boston.

## OFFICERS.

*President.* — Hon. RUFUS S. FROST, Chelsea.*Corresponding and Recording Secretary.* — Rev. MORTON DEXTER.*Treasurer.* — C. C. BURR, Auburndale.*Librarian.* — Rev. WM. H. COBB, Newton Centre.*Assistant Librarians.* — Miss MARY E. STONE, Chelsea; Miss EMMA E. WHITE, Wellesley.

*Directors.* — EDWARD A. STUDLEY, Chairman; ALONZO H. QUINT, D. D.; HENRY M. DEXTER, D. D.; N. G. CLARK, D. D.; WILLIAM F. RICHARDSON; M. F. DICKINSON; S. BRAINARD PRATT; Rev. JOSHUA COIT; Rev. B. F. HAMILTON, D. D.; CHARLES A. RICHARDSON; DAVID GREGG, D. D.; WM. H. HODGKINS; THOMAS TODD; ELIJAH HORB, D. D.; C. M. WHITTLESEY; with the Secretary and the Treasurer.

## OBJECTS.

To preserve, improve, and promote the best use of the Congregational Library; to care for the Congregational House, and remove the incumbrances upon it; to further the general interests of Congregationalism.

## FINANCES.

The Association owns the Congregational House, Boston. This was bought in 1871 for about \$300,000; the expense of refitting was about \$125,000 more. Present debt, \$181,000, on which four per cent interest is paid. The income from rents meets current expenses, and at present is slowly reducing the debt.

## THE LIBRARY.

This numbers 27,503 volumes, 52,240 pamphlets, and 31,021 unbound periodicals, besides an immense number of duplicates. The reading table contains the leading British and American reviews and religious magazines, with many valuable secular periodicals. The building is a fire-proof structure, entirely separable from the rest of the house, and admirably adapted to its purpose. The collection is already of inestimable worth, especially in all matters pertaining to the fathers of New England.

## PRESENT NEEDS.

1. *The Treasury.* — The debt of the Association has been reduced nearly thirty per cent during the last ten years. Experience forbids us to expect the "one fair contribution from every church," so often requested in vain; but we do appeal to all Congregationalists who love the kingdom of our Lord to wipe out this debt, and thereby most evidently promote that kingdom.

2. *The Library.* — The books most needed here are eagerly sought for by other collectors. Although our Library is by far the best in America in its specialities, and also rich in the "books out of which other books are made," it has many and great deficiencies, which can only be made up by *money*, liberally provided and carefully expended. Everything pertaining to the religious history and literature of New England meets the most prominent object of the library. Some of its special departments are church manuals, election sermons, biographies, genealogies, and town histories. Friends who have books or pamphlets likely to be useful here are invited to correspond with the Librarian. The point which most needs strengthening is the department of Early Congregational Literature (before 1650), which at present numbers only 126 works. Donations for this special purpose will be most gratefully received. A long list of such works, including many by the early Brownists, is ready for us on the shelves of English booksellers, provided the requisite funds for their purchase can be obtained.

Let every pastor stir up the liberally-minded in his parish, showing them the value of this investment. Let every Congregationalist who has published anything see that the Library has his works in full. Let gifts pour in according to our several ability; not only into the general treasury, but also specifically for the Library. If every one who reads these words will immediately do what he can, this will be a prosperous year for the cause we all have at heart.

WM. H. COBB, *Librarian.*

Paid to aid 104 churches, \$84,826.14. Other disbursements, \$14,613.46. Balance on hand Dec. 31, \$53,364.34. All of which was pledged.

For parsonage building, balance on hand Jan. 1, 1888, \$11,779.25. Receipts for parsonages from Jan. 1 to Dec. 31, \$14,755.01. Total resources for parsonages for twelve months, \$26,534.26. Paid to 41 parsonages \$11,684.15. Balance in treasury for parsonages, Dec. 31, 1889, \$14,850.11.

The churches are pushing the work of the Union vigorously. A large number would begin to build at once if they could have assurance of aid. The continued depression on nearly all the missionary treasuries in all the denominations has compelled the Union to adopt a strictly CASH POLICY. Not a dollar is voted out unless there is a dollar to cover the vote. Necessity that could not wait compelled several churches last year to begin to build before the Union could safely pledge aid. In some cases buildings were completed in anticipation of any pledge. Consequently, as soon as the Union's pledge was sent out, papers were sent immediately back, and the money was called for in less than thirty days. Nothing short of cash in hand would save the treasury from repudiation. The cash plan makes repudiation impossible. Funds voted go quickly to destination. Risks, if any, are taken by the local church. Its credit tides the work over to the Union's pay-day, and no risk is run at the Home Office. Appeals from the struggling churches go directly to the hearts of givers. Responses are sympathetic and generous. Still they are not less than one hundred twenty-five per cent behind the most reasonable and urgent demands. That from four hundred to six hundred regularly organized Congregational churches should be constantly on the list as "houseless" is a matter not only of strict business economy but of denominational honor. These bands of Christians have come confidently into our godly fellowship. A rigid scrutiny of the reasons for organizing might cut off a very small per cent. Beyond a question two hundred houses should be built every year for a series of years, in addition to the number that can and should build without aid.

By no choice of the Society, but by the unquestionable trend of our civilization, the Union is called to give its attention more and more to work at large centres of population. Such work is inevitably expensive. Nevertheless, results from it, both in spiritual gains and cash returns, are not less than four to one. It is not strange that givers follow the movements of populations. St. Paul, Minneapolis, Omaha, St. Louis, and San Francisco are samples of the self-multiplying power of a local church. Daily telegrams are needed to keep pace with the record of growth. This fact of itself has given emphasis to "The Church Building Loan Fund," now more than twenty-five years old. The repeated use over and over of the same sum, not only while the donor lives but long after death, commends the "plan" as one of the wisest and best for the stronger churches. Friends of the men and the work at the front will not forget THE ABSOLUTE DEMAND FOR \$300,000 A YEAR.

The HOME MISSIONARY, a monthly magazine, published by the Society, at sixty cents a year, including postage, gives a running account of the progress of the work in all parts of the country, largely from the pens of the superintendents and missionaries personally engaged in it. The monthly issue is 27,200 copies. An ANNUAL REPORT sums up the results of the year. Leaflets and Tracts for the times are published as occasion calls, designed to help pastors, Sunday-school officers, and friends of Home Missions generally, in awakening and keeping alive an intelligent, practical, growing interest in the work. These may be had, free of charge, at any time, by addressing the officers of the Society at the Bible House.

For more than sixty-three years the Society has been organizing churches in the West and South, and aiding in the support of their ministers till those churches are able to assume the whole expense. Its missionaries have from the first organized Sunday schools, provided proper teachers for them, and by watchful oversight have secured their permanence and highest usefulness.

In connection with the labor of its missionaries, 5,081 churches have been organized and 2,489 have come to self-support. It has collected and disbursed in cash, \$12,135,422.07; and in clothing, books, and other supplies, largely the offerings of Christian women, \$1,727,362; in all, \$13,862,784.07. The additions to the churches have been 355,985.

In 1883, a Woman's Department was opened. Its object is to interest the women of our churches all over the country, and through them the children, more directly in the work; not to the diminishing of their helpful labor in the way of home-missionary boxes (of clothing, etc.), but to secure also their gifts of money for the support of teachers in the Indian Territory and elsewhere, and for various special uses, as called for from time to time. Their aid in this line is steadily growing, but much more is needed. The Woman's Home Missionary Association, having its office in Boston, is rendering valuable assistance to the Society in its educational and missionary work.

The number of missionaries employed in its sixty-second year (1887-8) was 1,584, nearly 1,150 of them in States and Territories west and south of New York. They preached regularly in 3,094 stations, and at frequent intervals in many hundreds more. The number of Sunday-school and Bible-class scholars was 130,000. The additions to the churches were 10,012; 6,310 of them on confession of Christ. Churches organized, 130; reached self-support, 59.

The sixty-second year's receipts were in cash, \$548,729.87; in supplies, \$67,259.00; in all, \$615,988.87.

At least \$650,000 *in cash* is needed this year properly to sustain the missionaries *now in the field*. To take up only such new work as the providence and Spirit of God manifestly call upon the Society to assume *at once*, \$100,000 more is imperatively required. The Society is doing much more work than ever before among the foreign-born in all parts of the country. At nearly every meeting of the Executive Committee chosen men are sent to new fields at the front, where they are most needed, but where their support involves heavy outlay by the Society. For securing the means essential to the carrying on of this great work the Society depends, under God, on the zealous co-operation of the pastors and members of the Congregational churches of the land.

**CALENDAR.**—The annual period of study is divided into three Sessions by two recesses. The next Seminary year will begin on Thursday, September 5, 1899, and will close June 12, 1899.

**COURSE OF STUDY.**—The Junior year is devoted mainly to Biblical Exegesis and Introduction; the Middle year to Biblical and Systematic Theology; the Senior to Sacred Rhetoric, Pastoral Theology, and History of Christian Life and Doctrine. Systematic Theology is begun in the first year; also Biblical History, which is continued through the second. Lectures on Christianity and Science, the Scriptures, Elocution, with exercises in Rhetoric and vocal culture, continue through the course. Opportunity is given for instruction in Syriac, Arabic, and other cognate Oriental languages.

**FOURTH YEAR** for advance study. Each member of the Advance Class chooses his studies, subject to approval by the Faculty, and receives from the professors in the departments chosen personal direction and assistance. Special facilities are afforded for private reading and research. Ten scholarships (\$200.00 each) are available for members of this class.

**LIBRARY AND MUSEUM.**—The Library now numbers more than 46,000 volumes, is constantly increased, and is open every week-day for the examination and drawing of books. A full reference library has been opened on the ground floor of Brechin Hall. The Museum comprises objects relating to missionary life and work, a monumental slab from Nimrod, a relief model of Jerusalem, and a collection, recently greatly increased, of Palestinian flowers, birds, animals, reptiles, insects, domestic utensils, weapons, coins, rolls, inscriptions, etc., constituting a remarkably large and rich biblical museum in which may be seen a multitude of objects referred to in the Bible.

A well-furnished Gymnasium is open to the use of the students.

**LOCATION.**—The Seminary was located with a view to the advantages of uninterrupted study. These advantages have been retained, and are accounted of increasing value. At the same time, through the rise and growth of cities in the immediate vicinity, the students of the Seminary have special opportunities for studying the various conditions of church work, and the different methods of preaching. Andover is within four miles of Lawrence, ten of Lowell and Haverhill, fifteen of Salem, and twenty of Cambridge and Boston. The situation is remarkably healthful.

For information respecting Conditions of Membership, Optional Work, Honorary Scholarships, Pastoral Scholarships for Evangelistic work in Boston, and for the investigation of special subjects in Reformatory work, the Winkley and Seminary Fellowships (\$600 each), Expenses and Pecuniary aid, see Catalogue, which may be obtained by application to the President of the Faculty.

D., *Buck Professor of Christian Theology and Lecturer on Church Polity.*CHARLES J. H. ROPES, *Hayes Professor of New Testament Language and Literature.*FRANCIS B. DENIO, *Professor of Old Testament Language and Literature.*

Occasional courses of lectures on practical subjects connected with the ministry, ministerial work and experience are given by pastors and others.

**TERMS OF ADMISSION.** — Bangor Seminary is open to all denominations of Christians. Candidates for admission must produce testimony of their church membership and of their collegiate education. If they have not pursued a college course, they will be examined, and must exhibit mental training and attainments sufficient, in the judgment of the Faculty, to warrant their entering upon a course of theological study. Those whose age or circumstances forbid the pursuit of the complete course of study may, at the discretion of the Faculty, be admitted to the studies of the Middle year, and continue their course with the full privileges of the Seminary.

**COURSE OF STUDY.** — *Junior Year,* Hebrew Grammar, Principles of Interpretation, Exegesis of the Greek and Hebrew Scriptures; Lectures on Old Testament Theology, and on New Testament Theology; New Testament Greek; Introductory Philosophy, with text-books and lectures; Essays, and Lectures on Style and English Literature.

*Middle Year,* Systematic Theology; Ancient Church History; Exegetical studies continued; New Testament Greek continued; Vocal Culture and Oratory.

*Senior Year,* Mediaeval and Modern Church History; Homiletics; Pastoral Theology and Church Polity; Exegetical studies continued; New Testament Greek continued.

**SPECIAL INSTRUCTION IN NEW TESTAMENT GREEK.** — Attention is specially called to the provision for instruction in New Testament Greek. The demands of the churches for pastors have been greater than could be supplied with men of collegiate education. The Seminary has therefore admitted students who are well qualified in other respects, but have no classical training. These are usually persons who by reason of age or other circumstances are unable to delay longer their theological studies, and cannot wisely be counselled to seek further preparation in some classical institution. With reference to the needs of this class, special instruction in New Testament Greek has been provided.

**PREACHING.** — As it is believed to be conducive to the best professional training to combine practice with theory, and as special facilities are afforded in the comparatively destitute missionary fields in the immediate neighborhood of the Seminary, students are allowed to exercise their gifts in holding meetings and in preaching as opportunities may offer, under the express approbation of the Faculty, it being provided that the prescribed exercises of the Seminary are not neglected. This privilege is enlarged after licensure at the close of the Middle Year.

**POST-GRADUATE SCHOLARSHIPS.** — Two scholarships have been recently established for graduates of this Seminary. One is in Bowdoin College and is for the purpose of aiding any student who, after graduating in the Seminary, desires to take a post-graduate year in the College. The other is for the benefit of any student who wishes to take a fourth year of study in the Seminary.

**EXPENSES.** — There is no charge for tuition, rooms, furniture, library, or any privilege of the Seminary. The dormitory has been thoroughly repaired and refitted. The rooms are carpeted and furnished. The income of the Washburn fund and some other funds, given expressly to aid members of the Seminary, will be distributed to those who need.

**LIBRARY.** — The Seminary has an excellent library, numbering sixteen thousand volumes, specially selected to meet the wants of the students. There is a permanent library fund, with the income of which constant additions are made of the latest and most valuable literature.

The next anniversary will occur on Wednesday, June 5, 1889.

The next seminary year will open on Thursday, Sept. 12, 1889.

**ADMISSION.**—The Seminary is open to students of all denominations. Candidates for admission to the regular course must be of good moral character, and must have received a collegiate education, or an equivalent preparation. Students from other seminaries may be admitted by certificate.

**TERMS AND VACATIONS.**—The next term will begin Wednesday, Sept. 11, 1889, and continue till the third Wednesday in April, when there will be a vacation of four months, for private study and remunerative Christian work.

**SITUATION.**—The Seminary Buildings front Union Park. The location is quiet, but the centre of the city may be reached in twenty minutes.

**COURSE OF STUDY.**—The Juniors have four exercises a week in Hebrew, four in Greek, and one each in Theology, History, Homiletics, and Elocution. The Middlers have four exercises a week in Theology, two each in History, Hebrew, and Greek, and one each in Homiletics, and Elocution. The Seniors have three exercises a week in Homiletics, two each in Hebrew, Greek, History, and Theology, and one in Pastoral Theology, besides private exercises in Elocution. The "Special Course" includes the full course in all the years, except Hebrew and Greek, and has the following supplementary studies, which are limited to the first year: Rhetoric, Logic, Moral Philosophy, and daily exercises in English Composition and Bible Exposition.

**THE GERMAN AND THE SCANDINAVIAN DEPARTMENTS.**—Students in these departments, which are under competent instructors, take the regular or special course in the English language, according to their grade of preparation, that they may be able to preach also in English. They are, however, excused from some English studies, principally of a homiletical or practical kind, in place of which they attend such exercises in their own native languages as are best adapted to prepare them to minister to our German or Scandinavian fellow-citizens.

**EXAMINATIONS.**—In each year there are two public examinations, oral and written, of all the classes.

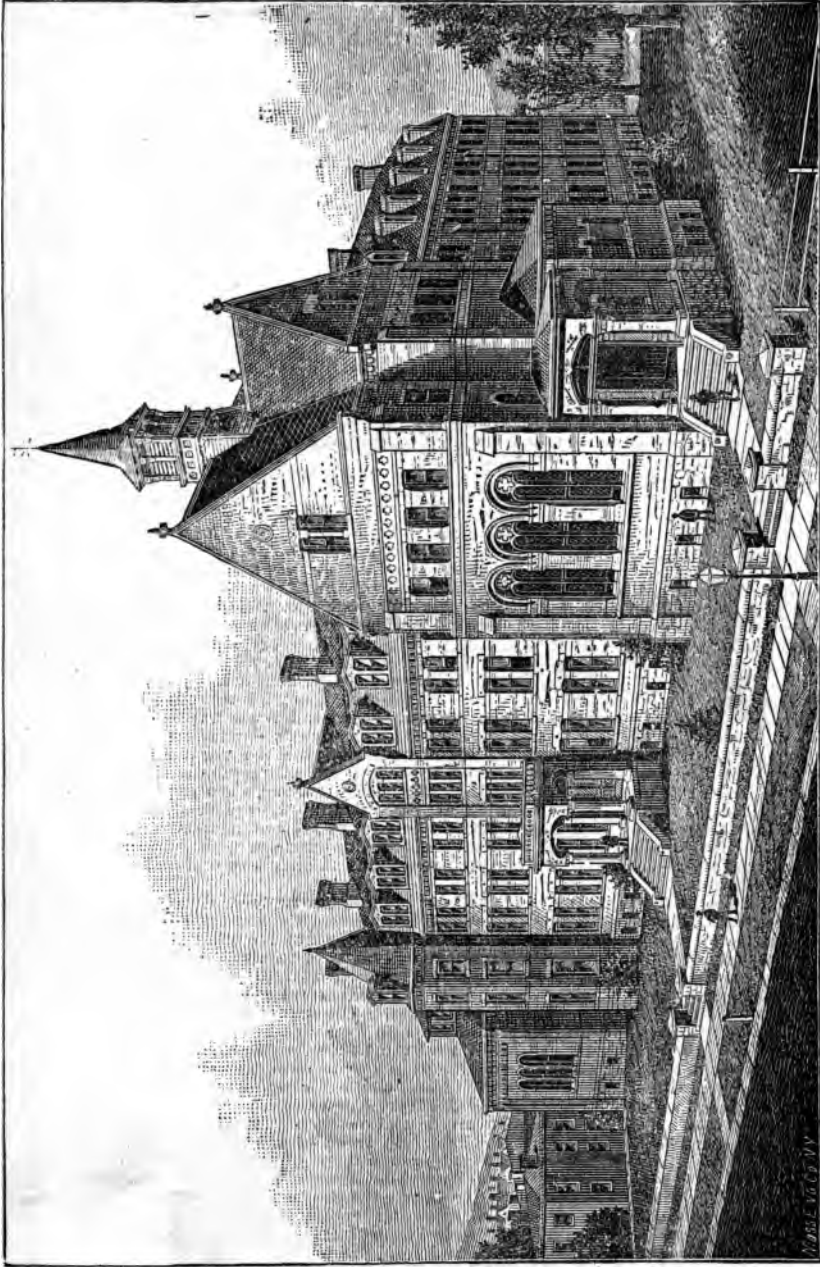

The Alumni Institute will be held this year in anniversary week, April 22.

**HAMMOND LIBRARY.**—This contains the GENERAL and the REFERENCE LIBRARY with over 8,500 volumes, and the READING ROOM. Both of the latter are furnished with the best helps for students, and are open daily. There is also a special arrangement for the use of the Chicago Public Library, which offers 140,000 volumes, many of which are rare, and valuable sets of reviews and important works of reference.

**EXPENSES.**—No charges are made for instruction, the rent of rooms, or for the use of Hammond Library. Suites of rooms have been furnished by churches or individuals. The only necessary expenses of the student are for board, fuel, gas, textbooks, the care of rooms, washing, and for such special damages as the property of the Seminary may suffer at their hands. Good board can be had in private families in the neighborhood of the Seminary for \$2.50 or \$3.00 a week.

**PECUNIARY AID.**—From the American Education Society, supplemented by the Western Education Society and the Scholarship funds of the Seminary, a total of one hundred and fifty dollars a year for students in the regular course, and one hundred and twenty dollars for those in the special course, is furnished to those who cannot provide the means to pay their own expenses without undue delay in their studies, and who give promise of usefulness in the ministry. Students also receive medical attendance in case of illness without charge, and enjoy opportunities for earning money by teaching, mission work, and preaching.

Application for admission or for catalogues may be made to the Professors, or to Rev. M. F. Hollister, Secretary and Treasurer, 45 Warren Avenue, Chicago, Ill.

THE SEMINARY is managed by a Board of Trustees, annually elected by the Pastoral Union, a large and increasing body of active ministers. The members of the Union, the Trustees and the Faculty give assent to the creed of the Union as in accord with the doctrinal belief of historic Congregationalism.

The Bible holds a unique, central position in the system of the Institution, requiring from both instructors and students the ablest and devoutest treatment. The course of study aims (1) to establish sound methods of *investigating* the Scriptures, (2) to train the power of *formulating* Scriptural truth, and (3) to indicate the way of *applying* that truth both to the facts of history and experience and to all problems of the present and the future. The Bible is minutely studied in its original languages; systems of faith and morals are inductively built up out of Biblical materials; every kind of practical question regarding individual and social life is studied in the light of Biblical revelation.

Hence the Seminary steadfastly presents God's thought and God's will as the supreme objects of all science and the supreme guides of all conduct. It is thus forced to oppose all rationalistic and secularizing tendencies. Not only does it uphold "Theology, the queen of sciences," but its chief purpose as an educational agency is the formation under God of personal religious character, devout and devoted, as the only basis for scholarship, conduct, and power.

The method of instruction is partly through text-books, partly by lectures, and partly through original investigation on the part of the student. Emphasis is laid throughout upon a close personal relation between instructor and pupil. The course of instruction is unusually unified, continuous, and thorough. The apparatus includes ample buildings, a library of 45,000 volumes, gymnasium, reading-room, etc. The habit of original investigation is diligently cultivated. Methods believed to be peculiarly effective are used in Hebrew and Greek, in history, in dogmatic theology, and in pastoral theology. In the latter field not only is instruction given in theory, but extensive practical work is expected in preaching, in the methods of all varieties of evangelistic and charitable effort, and in personal Christian work among all classes of men. Systematic instruction is provided in music and elocution.

Special and advanced courses are provided for those who desire them.

As incentives to scholarship, four prizes, a fellowship for foreign study, and suitable degrees (granted only on special examination) are offered.

**TERMS OF ADMISSION.**—Candidates for admission must be members of some Christian church, and graduates of some college (or at least of sufficient literary acquisition to undertake the regular course). Those who are not college graduates are admitted *on probation* during the first semester.

All courses are open to *women* on the same terms as to men.

**EXPENSES.**—No charge is made for tuition, rooms, furniture, and bedding, or use of the library and apparatus, except a nominal fee of \$20 for use of steam and for supervision. Board is provided at the Seminary under the care of the Students' Association at \$3.50 per week.

Scholarship aid is provided for those needing it to the amount of \$60 to \$100 per year, in addition to the grant of \$75 from the Education Society. Various opportunities for remunerative work are open to those who desire it.

**CALENDAR.**—The fifty-sixth year begins on Sept. 19, 1889, and closes on May 8, 1890, with recesses at Thanksgiving, Christmas, and Easter. For convenience the various courses are arranged in two semesters, the second of which begins on Jan. 20, 1890. Examinations are held at the close of both semesters.

For catalogues, which give full details of the course of study and of the entire Seminary organization, address either the PRESIDENT or the REGISTRAR.

 LOUIS F. MISKOVSKY, B. S., Instructor in the Slavic Languages.  
 Rev. A. HASTINGS ROSS, Special Lecturer on Church Polity.  
 Rev. JAMES DOUGLAS, Douglas Lecturer on the Relations of Science and Religion, and on Comparative Religion.

The Department of Theology is open to the admission of students of every denomination. Students of this department are permitted to attend lectures and classes in the other departments, so far as they may have time, without extra charge. Upon those who complete the three years' Classical Course, the Academic Degree of Bachelor of Divinity (B. D.) is conferred.

**CLASSICAL COURSE.** — This has recently been greatly enlarged and rearranged upon the elective system. Candidates for a degree are required to have completed work amounting to 1,138 hours of lectures and recitations (besides rhetorical work). Of this work, 628 hours are required, including courses in Exegesis of the Greek New Testament, Natural and Revealed Theology, Church History, Homiletics, Relations of Science and Religion, and the Forms of Modern Scepticism.

In addition, 1,250 hours of elective work are offered, of which the student must elect at least 510 hours. The elective courses include Hebrew and Old Testament Exegesis, Old Testament Introduction and Theology, Aramaic, Septuagint Greek, New Testament Exegesis, Church History, History of Doctrine, Church Polity, Homiletics, and Pastoral Theology.

**ENGLISH COURSE.** — This is to prepare mature men for the ministry in two years. It includes preparatory studies in Rhetoric and Philosophy, 340 hours Exegesis of the English Bible, Special Lectures, and the full course of Systematic and Practical Theology.

**SLAVIC DEPARTMENT.** — A department has been opened to train up evangelists and pastors for the Slavic immigrants (400,000 strong) in this country. A Principal, who teaches the English Bible, and a Bohemian-American teacher of the Slavic languages have been appointed. Seven regular students are in attendance. The Seminary has no funds for the work, but depends upon current contributions. An endowment of \$50,000 was recommended by the National Council of 1886, and is urgently needed.

**LIBRARY.** — The Libraries of the College contain over thirty thousand volumes.

**COUNCIL HALL,** the building devoted exclusively to the Department of Theology, provides fully furnished rooms for fifty students. No expense is incurred for instruction, or for the use of the libraries or public rooms; and the students in Theology enjoy, without charge, the privileges of all the other departments of the College. The price of board is from \$2.00 to \$2.50 per week, or from \$70.00 to \$87.50 for the thirty-five weeks of the theological year. Fuel and lights will not cost more than \$15.00. Add the charge of \$5.00 per term for the care of the building, and the entire necessary expenses of the year — not including clothing, travelling expenses, and books — need not exceed \$100.00.

Help is granted from scholarship funds contributed by friends of the Department and from the American Education Society. The amount ordinarily received from both these sources does not vary much from \$150.00.

The opportunities for students to aid in meeting their expenses are sufficiently numerous. Some are employed as teachers in the Preparatory School connected with the College, and the amount received for teaching an hour each day exceeds the cost of board. Many vacant pulpits in the vicinity are supplied by theological students, for which compensation is rendered. During the summer vacation of fifteen weeks, all members of the Department may supply vacant pulpits in home-missionary and other fields; and such opportunities are abundant.

The year of study in this Department consists of thirty-five weeks in three terms. The next year begins Tuesday, Sept. 17, 1889.

(*pro tem.*) of New Testament Greek.

GEORGE MOGAR, D. D., Professor of Systematic Theology, and (*pro tem.*) of Ecclesiastical History.

Lectures are given frequently by leading pastors of the State.

**REGULAR STUDIES.** — *First Year.* Greek; Hebrew; Sacred Geography and Antiquities. Origin, History, Authority, Inspiration, and Canon of the Bible; Interpretation of the Scriptures; Religions of the World, other than the Christian; Natural Science; Mental and Moral Science; Rhetorical Exercises.

*Second Year.* — Biblical Theology; Greek; Hebrew; Exercises in the Exposition of the Scriptures; Systematic Theology; History of Doctrines; Rhetorical Exercises continued.

*Third Year.* — Pastoral Theology; Church History; Church Polity; Homiletics; Rhetorical Exercises continued; Connection of Natural Science with Religion. [An Exercise in Hebrew and Greek Exegesis twice each week during the second and third years.]

**SPECIAL STUDIES.** — In special cases, particular and modified courses of instruction will be given to those who cannot remain three years, or who, for other reasons, cannot take the full course of three years; and these courses of instruction will be adapted to the necessities of each person, it being understood that every one of this class will continue his studies as long as practicable.

**PREPARATORY STUDIES.** — Young men who have not had the advantage of a collegiate course, and who are, for good reasons, debarred from the prospect of such a course, are enabled to pursue literary and scientific studies under the direction of the professors in the Hopkins Academy, immediately associated with the Seminary. These preparatory studies will vary with the requirements of each student.

**CALENDAR.** — The year consists of but one term, and begins with the first of September and ends with the middle of May. There will be a recess during the Christmas holidays. Students should begin promptly with the term.

**TERMS OF ADMISSION.** — Credible evidence of piety, membership in some evangelical church, a collegiate education, or such other literary and scientific attainments as promise a fair degree of usefulness, will entitle all young men to the advantages of this Seminary. The benefits of the institution are accorded alike to students of all denominations of Christians.

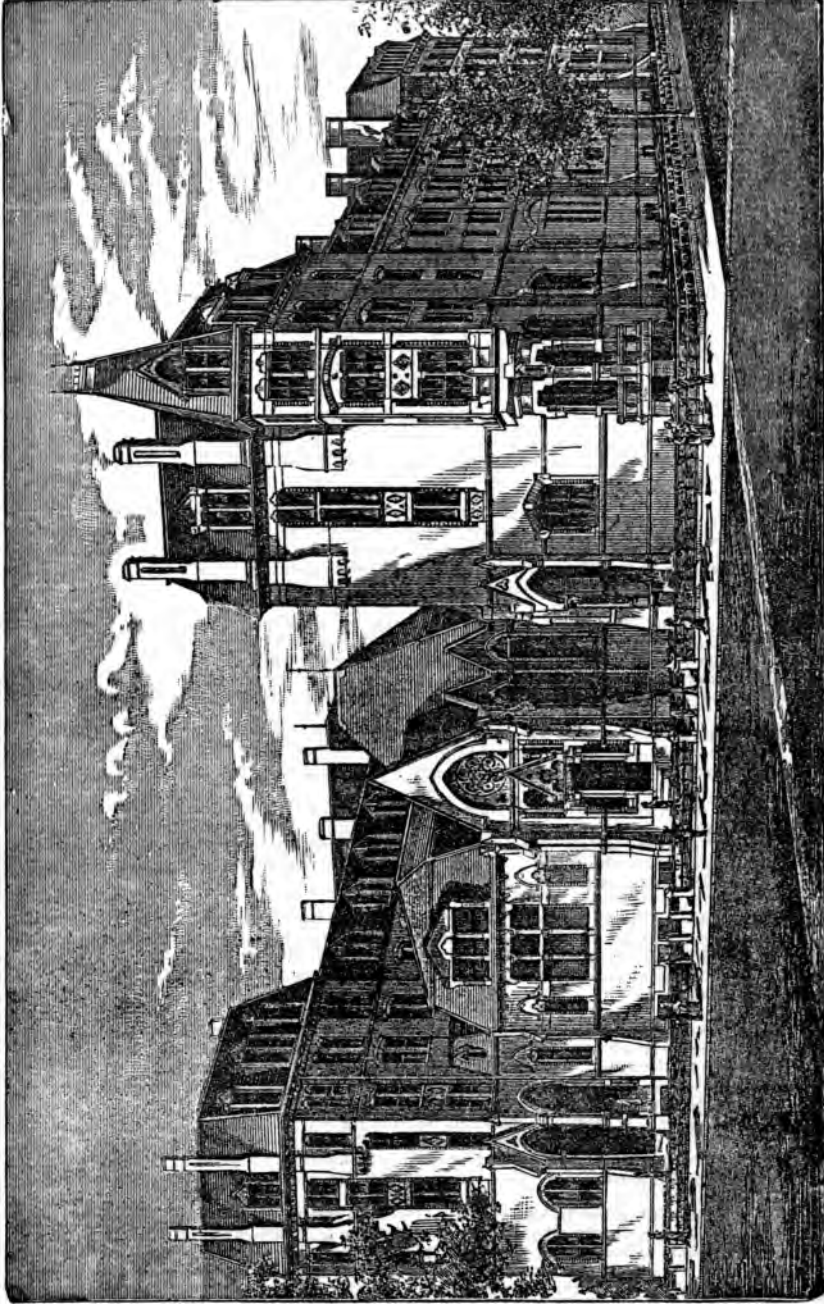

**EXPENSES.** — There will be no charge for tuition, rent of rooms, or use of furniture. The trustees will, as far as practicable, furnish text-books free to those who are in need, themselves being the judges of the necessity. Those who desire it can board on the premises at the rate of \$3.00 per week. Fifty cents additional will be charged for washing.

**PECUNIARY AID.** — The American Education Society will render aid to the pupils of this Seminary who are needy, who are college graduates, and who take the full course of three years. The amount bestowed will be, when possible, \$100 a year to each beneficiary. Seven paying scholarships yield an average of about \$130 each per year to nine beneficiaries.

An endeavor is continually made to provide for *all* the wants of every young man who wishes to take the full course of study, and every such person is urged to come to the Seminary, whether he has any means of his own or not. It is believed that the necessary expenses of a Theological School are less here than anywhere else in the Union.

No happier situation is known than the one occupied by this Seminary. The climate is unequalled for stimulating qualities, for mildness, and for general fineness. It is favorable to study every month in the year. It is a cure for many forms of invalidism. The scenery about the site is not inferior to that of the far-famed Bay of Naples itself. Both the beauties and the grandeurs of nature are within reach; and, to some extent, those of man, also.

**RELATION TO THE UNIVERSITY.** — The Divinity School is one of the Departments of Yale University. Its members receive from the Corporation, on completing their three-years' course of study, the degree of B. D. They have access to the public collections of the University, such as the Library, the Peabody Museum, and the collection of paintings and statuary in the School of the Fine Arts. They are permitted to attend free of expense, so far as will not conflict with their professional studies, the lectures and recitations in the College and the Sheffield Scientific School, and, if expecting to become foreign missionaries, those of the Medical Department.

**COURSE OF STUDY.** — The first year is devoted chiefly to Hebrew and the Exegesis of the Greek New Testament; the second year to Systematic Theology, Church History, Old Testament Biblical Theology, and Church Polity; the third year to Sacred Rhetoric, the History of Christian Doctrine, and New Testament Biblical Theology. Additional lectures on Preaching and other important subjects are delivered before all the classes by eminent ministers and scholars in this country and Europe. There are also optional classes conducted by the Professors in New Testament Introduction, German, Syriac, and Chaldee. Once a week there is a Rhetorical Exercise for all the classes. Instruction in Vocal Culture and Elocution is continued through the entire course.

**GRADUATE OR FOURTH-YEAR CLASS.** — Students who have completed a three-years' course of theological study, here or elsewhere, are admitted to the Graduate Class, established eight years since, in which advanced studies in Theology are pursued under the direction of the Professors.

**THE LIBRARIES** of the University, to which the students have access, including the Reference Library of the Divinity School, contain about 180,000 volumes.

**THE GRADUATE FELLOWSHIP**, for the encouragement of further theological study in this country or abroad, the income of which is \$500 for one year after graduation, is offered to the class entering in September, 1889.

**EXPENSES.** — There is no charge for instruction, use of libraries, or room rent. The rooms, which will accommodate one hundred and fifty students, are designed in general for only one occupant. Each room has a bedroom attached, and is carpeted and furnished with all needful furniture except bedclothing. The chief expenses for the session are for board, \$3.25 to \$3.50 a week; fuel and light, \$25 to \$30; and \$10 a year for care of room and incidental expenses.

**SCHOLARSHIP FUNDS AND OTHER AIDS.** — Students whose circumstances require it are aided to the amount of \$100 a year, from the income of scholarship funds. Additional aid to the amount of \$75 is afforded by the American Education Society to its beneficiaries.

**COMMENCEMENT OF THE TERM.** — The next annual term of study will begin on Thursday, Sept. 19, 1889, and continue till the third Wednesday in May (anniversary), when the vacation of four months, in which the students have the opportunity to engage in some form of remunerative labor, will commence.

**APPLICATION FOR ADMISSION.** — The Seminary is open on equal terms to students of all Christian denominations. Applications for admission, or for the annual Catalogue containing further information, may be made to the Dean of the Faculty, Prof. GEORGE E. DAY, *New Haven, Conn.*, or to any of the other Professors.

\* A dash in the column of colleges implies that the student has never been connected with any college; the name of a college followed by a dash in place of year implies that the student was connected with that college, but did not complete the course. A list of the colleges and universities may be found at the end of this list.

† "Sen." means Senior. "Mid." Middle. "Jun." Junior. "Sp." means Special Course; and when followed by "Sen.," "Mid.," or "Jun.," means Special Course Senior and the like. "R. L." means Resident Licentiate. "Grad." means Graduate Class. "Adv." means Advanced Class. "D. N.," "Ger.," "Slav.," and "Sw." mean *Dano-Norwegian*, *German*, *Slavic*, and *Swedish* Departments, in Chicago and Oberlin.

THE FIRST CONGREGATIONAL CHURCH, APPLETON, WIS.

## THE FIRST CONGREGATIONAL CHURCH, APPLETON, WIS.

## THE BUILDING.

The above wood-cut gives a very fair representation of the new building of the First church, Appleton, Wis. It is built partly of Menominee brick and partly of Lake Superior red sandstone, the towers, round projections, and foundation stone being of the latter material, thus giving a fine harmony of color without sharp contrasts. The main audience room will seat 650 people, the pews being arranged in the amphitheatre shape, facing the pulpit, organ, and choir, which are located in the southwest corner. There are three vestibules and entrances to the auditorium, the principal one being through the large tower. Over the entrance in the smaller tower is a commodious pastor's study.

The Sabbath school extension is almost as large as the auditorium and is situated south of the latter, into which it can be thrown at need by a suitable system of broad arches, thus largely increasing the regular seating capacity of the church. The main school-room is designed to seat about 325, the remaining scholars being accommodated in large infant class rooms and parlors which bound the main room at the east and west, the whole giving accommodations for 500 scholars.

Supplementary to the main auditorium and Sabbath-school rooms are the basement apartments for kitchen, coal, storage, etc. A special room is also provided in the southeast corner of the church, which is to be used as a young men's room. It will be supplied with books and papers, and eventually a gymnasium, bath-room and evening school may be added to it.

The architect of the building is Mr. Warren H. Hayes, of Minneapolis, whose work in this line is well known to many readers of this book.

The cost of the church, exclusive of the site, was about \$36,000. The organ and main chandelier are yet to be put in, and these will cost about \$4,000 additional.

The new building was dedicated April 18, with interesting services both afternoon and evening. An impressive "farewell service" was also held at the old church in the morning. An effort was made at the time of the dedication to raise the debt of \$9,000 on the new building, which was so successful that in a few days it was announced that the last dollar had been provided for. This leaves the society in excellent condition. All the seats in the new building will be free, the expenses of the church being met by voluntary contributions.

## HISTORICAL SKETCH.

The organization of the church was originally Presbyterian; but in December, 1851, just one year after its inception, the name and polity of the church was changed to Congregational. Worship was at first held in a small "upper room"; but the gift of a lot having been received from Amos A. Lawrence, of Boston, steps were taken to erect a church building, and this was completed in the fall of 1853, after much personal sacrifice. Additions to the building were subsequently made at a total expense of \$2,500.

The names of those who have served as pastors in the old church are: Chas. W. Monroe, 1850-1854; H. H. Benson, 1854-1858; F. B. Doe, 1858-1868; H. C. Dickinson, 1869-1872; Edward Ebbs, 1872-1873; T. G. Grassie, 1873-1875; C. E. Fisher, 1875-1876; S. F. Gale, 1876-1881; J. D. Willard, 1881-1885; the present pastor, Rev. John Faville, having entered upon the work at the beginning of the year 1886.

The present membership of the church is something over 400. The Sunday school numbers over 500, not including a mission school of 150, and is the largest in the State.

For a long time the need of increased accommodations has been urgent; and under the lead of their pastor, Rev. John Faville, aided by wise and active committees, the church has risen nobly to meet this need with the above result. Special credit should be given Dr. J. T. Reeve, chairman of the Finance Committee, and Mr. Geo. F. Peabody, chairman of the Building Committee, for the success attained.

## THE ANNUAL STATISTICS OF THE CHURCHES AND MINISTERS.

THE following pages contain the statistics as collected in 1889 by the statistical secretaries of the several State organizations, and compiled for this publication by the secretary of the National Council, under vote of the publishing committee. They are all of date 1 Jan., 1889, except that ministerial supply is, as far as possible, brought down to date.

The secretary, as heretofore, in no case presumes to insert or omit the name of church or minister on any authority but that of the State secretaries representing their own organizations, or of councils subsequent to the date of annual reports.

The contents of the statistics are as follows:—

1. The statistics of the churches and their ministers, by States.
2. List of Congregational ministers in foreign lands.
3. List of ministers not in pastoral charge of Congregational churches.
4. General summary tables for the year.
5. Tables of summaries. 1858-1888.
6. Remarks upon the statistics and minor explanations.
7. The National, State, and Local organizations of the churches, with officers, and dates of sessions in 1889.
8. Alphabetical List of ministers, with P. O. address, and indexed to pages.
9. Alphabetical List of licentiate.

### RULES OF COMPILATION.

1. To arrange in alphabetical order everything capable of it; except that the churches in any one town or city arranged, as they should be, under the name of that town or city, are placed according to age.

2. To make each State list to conform strictly to the *State boundaries*. Churches or ministers reported by the Association of a State other than their own are, therefore, transferred to their proper places; and the summaries are correspondingly corrected.

3. To make *new tables* each year. "Last year's report" (if known to be such) is always omitted. But, while old reports are not to be inserted in the table, the aggregate of such last reports from churches failing to report, in the items of church and Sunday-school membership, are included in the summaries. Justice to the churches which do report requires this, as their real progress may be apparently diminished or reversed, by lack of the figures from their less faithful neighbors. The special attention of State secretaries is called to this point, as it has often been disregarded. The list of churches of this year is compared, name by name, with that of last year, and all variations are specifically mentioned with the State summary, so that each church can be traced from year to year.

4. To examine carefully all the tables, with a view to *correction or addition* by correspondence, especially to correct "pastoral supply" to the latest moment. Proof-sheets have been sent to secretaries and some home-missionary superintendents who could be reached in season. But no such changes have been allowed to affect the summaries.

5. The prime name in a table line is always supposed to be the name of the *place*, town or city, in which the church is located, as determined by the place of the meeting-house. This is also the name of its post-office, unless followed in line or margin by a name in heavy-faced type. In such cases the latter is the post-office, and this emphatic type, in line or margin, is used exclusively for names of post-

offices. If this postal word is an adjective, it goes with the preceding name, *e. g.*, "Newton, West"; if itself a name, it supersedes the other, as "Newton, Auburn-dale." Postal designations are not repeated on the second page, and special church names are sometimes given in the second line, for which there was not room in the first. In general, the two pages, being invariably opposite, are treated as one, and marginal references on the second page are made to foot-notes on the first, without repetition when they occur there.

#### MINOR EXPLANATIONS.

1. Any church given in brackets is one organized since the date of State report; not included in the summary, but inserted for information. A few churches temporarily not associated are inserted by their own wish.

2. Pastors installed or recognized by council are marked "p. c."; pastors duly called by their churches and recognized by some "definite act of the church," but not by council, are marked *p.*; others in service are not marked, but in tabular summaries are counted as "supplies." Blanks in the column of pastoral supply, meaning *no* regularly engaged minister, are left blank for the convenience of those who note pastoral changes.

3. The tables are *not* a postal guide to the addresses of ministers, and any person so using them runs the risk of error. The General Alphabetical List of Ministers gives their post-offices.

4. The two columns following the names of ministers in the tables of churches denote (1) the year of ordination, (2) the year when the minister was installed, or commenced service with that church.

5. A star (\*) in the General Alphabetical List of Ministers denotes that the person designated is found in the original State alphabetical list, but is not reported to be a member of *any* association or conference of ministers or churches in the United States; or that he is found supplying some church, or did so last year and may be presumed to be *in transitu*, but is not in the State alphabetical list.

6. Licentiates are not reckoned as ministers. Churches supplied by such, or by ministers of other denominations, are reckoned as vacant; but the number of such churches is given in each State summary. No ministers of other denominations (if so known) are inserted in the General Alphabetical List. Some ministers belong to the two denominations at once.

7. The names of some Congregational ministers are missing; but it is solely because they are not reported by any organization of churches or ministers.

8. Under "Church Members," "Absent" are included in "Males," "Females," and "Total." Under the head of "Removed," "Died," "Letter," and "Discipline" are represented by the abbreviations.

9. Blanks in any column of figures are such as were so left in the State Minutes. They ought always to signify "no report," but some States do not follow the proper rule of inserting a cipher where "none" is meant, and the examiner must conjecture, in any given case, whether "none" or "no report" is intended. In our General Summaries, a blank invariably signifies "no report."

FIRST CONGREGATIONAL CHURCH, ST. LOUIS.

The style is a modification of the Romanesque, as found in France, and the architect has aimed to give an expression of quiet dignity and strength, rather than of picturesqueness. Broad bands of cut stone have been used, instead of moulded string courses, and windows with heavy moulded lintels, and generally in gables. Many of the windows are grouped and have mullions with attached columns, with caps carved with the characteristic foliage of the period. The roof is low pitched, as being in harmony with the style.

The main feature of the exterior is the tower on the corner, which is 22 feet square, and is covered with a pyramidal roof, slated with red slate and finished with a copper cross for finial. The tower roof is further enriched by four turrets, and in addition to the cut stone has terra-cotta panels under the bell deck openings and terra-cotta cornice. The height of the tower, which is perfectly square, is about 80 feet from the ground, and the finial rises 38 feet higher.

The chapel part of the building is in front, and with the tower makes the whole front, masking the church portion, which is in the rear of the lot, and shows a wide gable on either side, pierced by three wide, round, arched windows, grouped and covering small square-headed windows below.

Large and pleasant parlors and supper rooms are provided in the first floor on the avenue, a Sunday-school room over these rooms large enough for all meetings of Sunday school and special services, accommodating 350, and an auditorium seating 650 persons on the floor and 400 in the galleries, entirely unobstructed by columns, with large windows for light, and summer ventilation so much needed in this climate.

The open porch over the main entrance has polished granite columns and carved stone capitals supporting a moulded lintel.

#### FIRST CONGREGATIONAL CHURCH, ST. LOUIS. — *Continued from page 117.*

From this porch entrance is had by three doorways through a tiled vestibule to the entrance corridor, 20 feet wide and 32 feet long, leading to the main auditorium. To the right of this corridor is a parlor, 28 x 32 feet, lighted by a stone mullioned window of five lights. This parlor is connected with a second parlor beyond, 16 x 32 feet, by sliding doorways 12 feet wide, and similar doors connect the first parlor and the corridor; thus for social gatherings the corridor leading to the main auditorium and these parlors can be used in connection, giving practically a room 32 x 64 feet, as at such times the main doorways can be closed and entrance can be had through the side doorway. To the left of the corridor is a committee room, or pastor's study, in the tower, 17 feet square, and beyond this room connection is had with the hall, containing the stairway leading to the Sunday-school room, which occupies the second story over the corridor and parlors. A semicircular extension of the smaller parlor to the rear makes a refectory from which also by means of stairs access is had to rooms of the same size as the corridor, and larger parlor in the basement, intended for larger supper rooms.

The basement also includes large and convenient toilet rooms. All portions of basement under these mentioned parts of the first floor are finished and are 10 feet high.

Parlors and committee room or study rooms are finished with open grates and wood mantels, and the first story of this part of the building is 13½ feet high and is finished with wood dado 4 feet high and cornices.

The Sunday-school room is, as before mentioned, over parlors and entrance corridor, and access is had to it by the stairway in the side hall, which is connected with the entrance corridor by a doorway, and which has an exterior doorway and porch corresponding in design with main porch.

The main auditorium, to which access is had through three doorways from the entrance corridor, corresponding with those of the vestibule entrance, is in the form of a Greek cross with short arms, the width of arms being 49 feet and the depth 15½ feet.

All the truss work and finish of roof is of Southern pine, and the construction is shown. The height of ridge from floor is 51 feet. The organ is "housed," as the Germans say, in a case especially designed by the architect to fit the locality, and is an important feature in the general effect of the auditorium; its design is simple, effect having been sought by large, broad masses of metal pipes, rather than by an elaboration of the woodwork. The interior wood finish of the entire building is white-wood, stained mahogany, excepting the pews. The pulpit and platform furniture is of solid mahogany.

In general, the attempt has been made to erect a building of good and thorough workmanship, of such dignity and beauty as is proper for a building intended to be used for the worship of the Great Architect of the Universe, a building that should contain all needed conveniences for the successful prosecution of all kinds of parish work, and an auditorium where every one may see and hear the minister and be seated as near him as possible.

NOTE. — But few States reported the items for this important table. The ordinations, etc., for those not reporting, are therefore compiled from preceding lists.

Lists of churches added and omitted are given with the summary of each State. The gain marked "a" above is only a gain in reports, being gain over "no report" last year.

In this table, the "new" churches are occasionally such as were previously "dropped," or have not been previously reported. Under "Died," (Ministers), until 1873 no account was kept to distinguish between "acting pastors" and "without charge." The difference between "pastors" and "totals" includes these two classes. The fluctuations under "Benevolent Contributions" are greatly due to more or less full reports. See the annual number of churches reporting in table next above.

## LIST OF CONGREGATIONAL MINISTERS IN THE UNITED STATES.

### REPORTED BY THE SEVERAL STATE ORGANIZATIONS.

The following is a compilation of the alphabetical lists furnished by the State Associations and Conferences, corrected by correspondence with their secretaries to the latest possible date. The secretary of the Council in no case presumes to insert or omit a name upon his own responsibility. The State organizations (or later councils) are alone responsible; but the secretary has used his utmost endeavors to obtain a complete and correct list. If any names are omitted, it is because they are not reported by any organization in any State.

The figures refer to pages where the name will be found in the tables, in the Vital Statistics, in the service of the Benevolent Societies, of the Theological Seminaries, in the list of foreign missionaries, or in the list of ministers without pastoral charge. In some cases the *page* is left as in tables, when the post-office is changed since the tables were put to press.

Names starred (\*) are of persons who, although mentioned (usually as supplying churches), are not reported as members of any organization of Congregational churches or ministers. A few names are also retained with a \* of those who were in active service last year, and may be presumed to be *in transitu*. Such names are not continued a second year, without specific report.

Some post-office addresses are antiquated; but the best possible has been done.

Licentiates are not included in this list, but a list of licentiates follows this, and a list of ministers of other denominations.

Names of persons in last year's list, deceased since the issue of 1888, are retained, and are indexed to the pages of the "Vital Statistics" when found there.

Some errors will be found in first names, initials, and spelling. No pains have been spared to secure accuracy; but, effort failing, the compiler has not ventured to follow even his own convictions, against the unmistakable testimony of the reports.

Names differing only in a single letter and pronounced alike are treated as one name, but spelled according to report. Browne, Clarke, Curtiss, Griffith, etc., and names beginning with Mac. or Mc. are among this number. Names beginning with Mc. or St. are arranged as if the word was not abbreviated.

Letters for our missionaries will be addressed to the care of the society mentioned with the name, such societies (initials) being (as are all foreign addresses) in italics.

## LIST OF LICENTIATES REPORTED.

THIS list contains the names of those apparently reported as under care, with references to the pages where any such are mentioned as supplying churches. It includes also some names starred (\*), which denotes that these persons, while reported as supplying churches, are not reported to be approbated by, or under the care of, any Congregational organization.

Further. 1. This list does not agree with the number given in State Minutes, because all ordained since the lists were reported are here dropped. 2. The post-office addresses are often delusive, the place being that of temporary service only. 3. Names followed by State only are of person approved in the State mentioned, no residence being reported. 4. The list is incomplete, because some States make no full report of licentiates. 5. The contracted name of a State in brackets means that the name was reported by that State, although the person resides elsewhere.
